### ULF K-12 Schools Program

Upper Lakes Foods, Inc. has been serving schools across Minnesota and Wisconsin for over 30 years. ULF offers many food choices to keep our kids leading healthy and active lifestyles. Many of the items we carry are branded, such as Kellogg's, that both parents and students recognize and trust. From reduced fat to whole grain, and fruits to vegetables, ULF works hard with all the school districts we service to make smart choices about the meals that are served daily. Some of the benefits of our K-12 school program include:
